

Swing Trading Bulletin

Week 163,
Market Close,
29th June 2007

Commentary

There was a move up in negative market sentiment with SQ up from 48% to 52% last week. However, the mood remains delicately poised and it's unclear whether bulls or bears will win the tug of war in the short term. We remain in cash.

Trading Model Rules

All trades are against the NASDAQ Composite and executed either:

- (i) Against the coming week's opening level of the Composite index.
- (ii) Via limit/stop orders at a specified level as described in the prior week's report.

Zero transaction/trading costs assumed and no spread. No interest on cash balances. All stop and limit orders entered at the next market open on a "good until cancelled" basis; specified order levels correspond to the NASDAQ Composite. Cancellation can take place only within a report such as this. All trades executed at closest exact level (no fractions).
